A native Detroit, Fr. Thomas Euteneuer became president of Human Life International in December, 2000. He has traveled almost a million miles to 57 countries as a pro-life missionary, and preached the Gospel of Life on EWTN, on commercial television and in front of abortion mills. He has a deliverance ministry and is an expert on New Age religions.

Sharon Lee Giganti is a former Hollywood actress and runner-up to Miss California. She left all that, believing she had found the true way to serve God through her devotion to a channeled spirit named Abraham and the New Age bible, *A Course in Miracles*. In 1999, disillusioned and devastated, she realized the deception and began her search for the real truth, finally returning to Jesus and the Catholic Church. She now testifies to God's saving word that brought her out of spiritual darkness and into the light of truth.
